

Shorlisting process for High Paid

Proposed Criteria

1	Achievement in Competitions	1. Part of a winning team in a reputed codeathon / hackathon such as Smart India Hackathon, SIH (State Level), NASSCOM Product Conclave, HackWithInfy, Google Code Jam, TCS CodeVita, Samsung E.D.G.E, contests organized by IITs/NITs 2. Outstanding contributions to the department COE, such as iOS lab or Samsung PRISM	35%
2	Professional Certification	Global Industry Certification in any one of the skill tracks	30%
3	Coding Proficiency	SHL Test Score - Coding Module will be taken. Best of the 2 SHL tests, will be considered	30%
4	Lit Coder Performance	Lit coder Score - This Score is arrived based on accuracy and code quality	5%

First year students need to concentrate on Slno 1 and 2 , Slno 3 and 4 can be concentrated in later point of time

We have intentionally excluded CGPA from the criteria. When a Marquee or Super Dream company requests limited applications, we will follow the rank list order while ensuring the CGPA requirement set by the company is met by the recommended students. The list will not be sorted based on CGPA.
